AMIT SAIN

Full Stack Developer

9610841282 | amit2976297@gmail.com LinkedIn Portfolio UIT Bhiwadi Alwar (Raj) , 301019

SUMMARY

Fresher Full Stack Developer with hands-on experience in building web applications using the MERN stack. Proficient in developing RESTful APIs, implementing JWT-based authentication, and creating responsive user interfaces with React and Bootstrap. Strong foundation in Data Structures and Algorithms using Java, with experience in database management, API integration, and cloud deployment.

EXPERIENCE

StayWonders

June 2025 – August 2025

- Developed a hotel booking web application using the MERN stack
- Implemented secure user authentication, profile management, and booking history using Node.js, Express.js, and MongoDB
- Planned a responsive and user-friendly front end with React.js, HTML, CSS, and Bootstrap.

ResumePro

Sept 2025 – Nov 2025

- A web application for resume building with advanced features Built a responsive resume builder with an ATS compatibility checker and AI-powered suggestions using OpenAI API/Hugging Face models
- Enhanced with the MERN stack and Bootstrap for dynamic templates and responsive UI
- Deployed the application on Render with Docker, implementing secure authentication and email contact form integration

Personal Portfolio

Nov 2025 – Nov 2025

- Designed and expanded a personal portfolio website showcasing projects, technical skills, and contact information
- Implemented responsive and visually appealing UI using HTML, CSS, JavaScript, and Bootstrap

Weather Now

Dec 2025 – Dec 2025

A React-based weather detection web application

- Built a real-time weather application that fetches live weather data from external APIs
- Planned a responsive interface with HTML, CSS, and Bootstrap

EDUCATION

B.Tech (CSE)

Laxmi Devi Institute of Eng. and Technology CGPA (9.5 / 10)

2022 – 2026 Chikani (Alwar)

CERTIFICATION

Data Structures and Algorithms: DSA with Java

This course offers an in-depth understanding of Data Structures and Algorithms using Java.

Full Stack Web Development: Full Stack Web Dev

This course covers the development of full stack applications.

KEY ACHIEVEMENTS

48-Hour Inter-College Hackathon

Created a Health Disease Prediction Web Application during a 48-hour inter-college hackathon

---

Silver Medallist – Inter-College Badminton Doubles Competition

Achieved Silver Medal in the Inter-College Badminton Doubles Competition, demonstrating teamwork and competitive spirit.

SKILLS

Hard Skills

Frontend: HTML5, CSS3, JavaScript (ES6+), React.js, Bootstrap

Backend: Node.js, Express.js, REST APIs

Database: MongoDB, Mongoose

Tools: Git, GitHub, VS Code

Others: JWT Authentication, MVC Architecture

Computer Fundamentals: Algorithms, Data Structures, Time & Space Complexity

---

Soft Skills

- Communication Skills
- Team Collaboration
- Adaptability & Learning Mindset
