AMIT SAIN

Full Stack Developer

9610841282 | amit2976297@gmail.com LinkedIn UIT Bhiwadi Alwar (Raj) ,301019

EXPERIENCE

StayWonders

June 2025 – August 2025

- Developed a hotel booking web application using the MERN stack
- Implemented secure user authentication, profile management, and booking history using Node.js, Express.js, and MongoDB

ResumePro

Sept 2025 – Nov 2025

- A web application for resume building with advanced features Built a responsive resume builder with MERN stack ATS compatibility checker and AI-powered suggestions using OpenAI API/Hugging
  Face models
- Deployed the application on Render with Docker, implementing secure authentication and email contact form integration

Personal Portfolio

Nov 2025 – Nov 2025

- Designed and expanded a personal portfolio website showcasing projects, technical skills, and contact information
- Implemented responsive and visually appealing UI using HTML, CSS, JavaScript, and Bootstrap

Weather Now

Dec 2025 – Dec 2025

A React-based weather detection web application

- Built a real-time weather application that fetches live weather data from external APIs
- Planned a responsive interface with HTML, CSS, and Bootstrap

EDUCATION

B.Tech (CSE)

Laxmi Devi Institute of Eng. and Technology CGPA (9.5 / 10)

2022 – 2026 Chikani (Alwar)

KEY ACHIEVEMENTS

48-Hour Inter-College Hackathon

Created a Health Disease Prediction Web Application during a 48-hour intercollege hackathon

---

Silver Medallist – Inter-College Badminton Doubles Competition

Achieved Silver Medal in the Inter-College Badminton Doubles Competition, demonstrating teamwork and competitive spirit.

CERTIFICATION

Data Structures & Algorithms:

This course offers an in-depth understanding of Data Structures and Algorithms using Java.

Full Stack Web Development:

This course covers the development of full stack applications.

AWS Cloud Practitioner:

Foundational knowledge of AWS services, security, and pricing.

Docker:

Containerization, image creation, deployment, and Docker architecture basics.

SKILLS

Computer Science Fundamentals:
Data Structures & Algorithms, Time & Space Complexity, OOP, OS, DBMS, Computer Networks

Backend & APIs:
Node.js, Express.js, RESTful API Design & Development, Authentication & Authorization (JWT-based), Caching Strategies, Error Handling, API Security

Database Systems:
MongoDB, Mongoose, SQL, Schema Design, Basic Query Optimization

System Design Basics:
Scalability Concepts, Stateless Services, Load Balancing

Cloud & DevOps:
AWS (EC2, S3, IAM, RDS), Docker, Cloud Deployment

Frontend:
HTML5, CSS3, JavaScript (ES6+), React.js, Bootstrap

Tools:
Git, GitHub
